

*"SMI is a feeling of home with a loving community. I have sent 4 boys through this school. A solid academic foundation with a caring faculty and staff."
-SMI Parent*

We prepare our students to achieve to their fullest potential academically and spiritually through the teamwork of parents, school and parish.

For over 67 years, our school has strived to create a Catholic learning environment of academic excellence in which we develop in our children a deep Catholic faith emphasizing the message of Jesus and encouraging a lifelong quest for knowledge, justice, and mercy.

Focus on Faith

- Faith is taught on a daily basis with Religion class, Mass, and sacraments.
- Sacramental preparation is done for First Reconciliation, First Communion, and Confirmation
- Faith and moral values are reinforced as links to core subjects are discussed.
- Students mature in faith as they experienced our ongoing culture of Christian service.
- Campus Minister on staff to guide and encourage Catholic identity and complete the faith community.

STEM lab - Service Projects - Science Fair

ACADEMIC EXCELLENCE

Our caring, dedicated, and enthusiastic teachers consistently prepare our students to achieve to their fullest academic potential.

- Reading Interventionist and Special Education teachers on staff.
- PSD 202 on-site for speech and language services.
- Rigorous academics are balanced with a nurturing environment
- Teacher Assistants in PS-2
- Enriched curriculum in full-day Kindergarten, full-day options available for PS and PK.
- Jr. High Science lab along with a state of the art STEM lab provides hands on experiences.

BEYOND THE CLASSROOM

Providing abundant opportunities in co- and extra-curricular activities encourages students to discover, develop, and share their talents.

- Band, Drama Club, Student Council, Battle of the Books, Ecology Club, Chess Club, Art Club, Academic Team
- Athletic program for 5th grade on up.
- Intramural athletic program for grades 3 and 4.
- Parent involvement valued in school, on field trips, lunch duty, on boards, coaching, Science Honors Club, and more.
